

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. ## NOTICE.

---

THE present Catalogue comprises the entire Private Library of Judge Greene, with the exception of duplicate volumes of the same edition. No books have been added to the collection for sale.

Judge Greene's Library was collected for his own use, and is singularly varied and extensive. A man of delicate literary taste, it is not strange that in it are to be found many volumes of rare English Poetry not commonly met with. His antiquarian inclination also led him to perfect, as far as he might, his collections relating to American History, and especially to that of his native State. His collection of Pamphlets was large and carefully arranged.

The special feature of his Library, and the one by which it was the most widely known, is the department of American Poetry, which is catalogued by itself. It is probably the largest collection existing of that department.

The books are supposed to be perfect and in fair condition unless otherwise noted. The American books are mostly in the same condition as published, very few having been rebound. A large majority of those in boards are uncut. Many of the volumes of the English Poetry are bound substantially in calf and are in good condition.

- On the fly leaf is the following: "Q. Whose book is this? A. John Howland's. Q. How came it his? A. He bought it at auction. Q. What sort of a book is it? A. There are some pretty things in it; but, take it together, it is no great things. Q. Who is Col. David Humphreys? A. He is a clumsy, uncouth looking man from the west end of Connecticut. Q. Where is he now? A. At the court of Portugal, or, rather, courting at Lisbon; and if he does not shine more in his diplomatic character than he does as a poet, I am afraid the affairs of the United States will suffer under his management."
- Very scarce.

In this copy the original engraved portrait has been removed, and an impression from an inferior plate, by Beckett, of smaller size inserted on a blank leaf. On page 29 of this copy, in the hand-writing of the time, these lines are written :

Diana  
to Venus and Adonis.

Loose Cytherea, cease thy am'rous charmes,  
Cease to constraine the chaste with wanton Arms;  
Thy lustfull kisses wound my servant more  
Than can ye chafed and enraged Boar;  
Pollute his Beautys worse than ye foul swine,  
Yes, shame to say it, stil'd thou art Divine.  
Haste my Adonis, haste to meet thy fate,  
If here thou stay'st, thou 't only die too late.
